# David Levin
**Principal Product Designer**
levin.media81@gmail.com | 949-547-2656 | [portfolio.levinmedia.com](https://portfolio.levinmedia.com)
_Remote, U.S._

---

## Professional Summary
Principal Product Designer with over two decades of experience spanning brand building, complex data-modeling systems, and AI-driven SaaS experiences. Bridges business strategy, UX, and system architecture to shape high-impact, enterprise-grade solutions that balance technical complexity with ease of use.

---

## Core Skills & Tools
Product Design Leadership • AI-Assisted Software Development • Software & Data Architecture • Agentic System Design • SaaS / Fintech / eCommerce • Next.js • Tailwind • Supabase • WordPress/WooCommerce • End-to-End Product Ownership • React Component Design • Design Systems • Figma

---

## Select Work Experience

### CaptivateIQ — Principal Product Designer _(2023-Present)_
- Principal Product Designer for the company's next-generation data-modeling platform.
- Partnered with Product and Engineering leadership to re-imagine and rebuild core data-modeling infrastructure supporting existing purpose-built applications (ICM / Sales Planning) and powering future enterprise operations modeling (FP&A / Budgeting).
- Leading experience design for AI integrations platform-wide.

---

### Automattic / WooCommerce — Product & Design Lead _(2018-2022)_
- Shipped some of the most impactful products of my career, touching millions of merchants globally.
- Defined the IA and end-to-end UX for WooCommerce Payments in partnership with Stripe.
- Led end-to-end UX/UI for WooCommerce Analytics, a re-imagined core analytics package for WooCommerce merchants.

---

### Armada Skis — Founding Art Director _(2002-2006)_
- Shaped the brand's visual and cultural identity across print, digital, hard goods, and soft goods.

---

## Recent Side Projects / Independent Work

**SpotAlert** — Surf forecasting and alerting platform leveraging ECMFW oceanographic / weather data and NOAA buoy data. Designed and built full stack (Next.js + TailWind + Supabase) with global wave models and custom alert logic. [spotalert.app](https://spotalert.app)

**BetterList** — iOS checklist app built for minds that need a little extra focus. [betterlist.levinmedia.com](https://betterlist.levinmedia.com)

---

## Education
Entirely self-taught designer and systems thinker, with over two decades of continuous learning through professional practice across design, engineering, and product strategy.
